FAQ's

Q. Can I offer wine at my event?

A. Under some circumstances we will allow wine at your private event. Some requirements are: 1. Your event must be closed to the public. 2. You must purchase open bar for your guests. 3. You, or your caterer, must have a banquet license for the serving of alcohol at the event. 4. We use our glasses, and our servers to pour. Please contact us to discuss if offering wine is an option for your event.

Q. When do I pay for open bar for my guests if I don't know how many guests are going to show up?

A. You can pay for open bar in blocks on the day of your event and hand out wrist bands as your guests arrive. If you did not purchase enough, you can purchase more as needed as guests arrive. If you purchase too many, we can credit any overage over the minimum beer purchase for your rental.

Q. If I don't meet my beer minimum can I buy packaged beer to take home to make up the difference?

A. Yes.

Q. What are my options for music?

A. We have a stage and sound equipment if you choose to book you own band for live music while renting the taproom. Please contact us for details. You may also bring in your iPod or other device to play through our sound system, or take advantage of our commercial Pandora license in the Taproom.

Q. Can I show a slideshow?

A. In the Taproom, yes. We have a large screen that drops down in front of our stage that can be used for slide shows when we are closed to the public. Please talk to our event coordinator about how this might work for your party.

Q. Are children permitted at our event?

A. Yes. We offer root beer and root beer floats that are favorites with guests of all ages. We also offer Coke, Diet Coke and Sprite, in addition to water and Kombucha as non-alcoholic alternatives.

Pricing subject to change.
